

One on Epsilon, Nurturing Mathematical Curiosity. Current State and Future Directions.

Yoni Nazarathy

THE UNIVERSITY
OF QUEENSLAND
AUSTRALIA

The 'time line' of a start up going to heaven... (Yoni's perspective)

- 2015/2016 - Trying to setup alternative startups:
When Or Never - A social network for collective future prediction.
Data Quokka - A gaming framework involving road signs and real world engagement.

- July 2016 - Oct 2016 - Rapid development of Square Root Marbles

- Sep 2016 - One on Epsilon Pty Ltd

- Nov 2016 onwards - Curious Epsilon blog posts

- Nov 2016 - Oct 2018 - Development of Epsilon Stream

Idea - Watch, Play and Explore Mathematics

Oct 2017 - Epsilon Stream iOS released

Oct 2018 - Epsilon Stream web/Android released

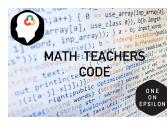

- 2017 - Content team: Phil, Coco, Inna, Yousuf, Clara

- 2017 - Join Global Math Project

- 2018 - Expand software + analytics team

- 2018 - MATH TEACHERS CODE

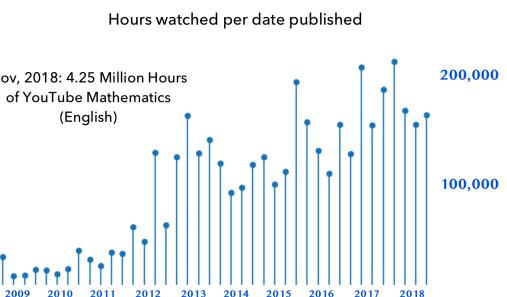

- 2019 - Engage with Education Queensland

- Throughout - multiple grant and partnership attempts

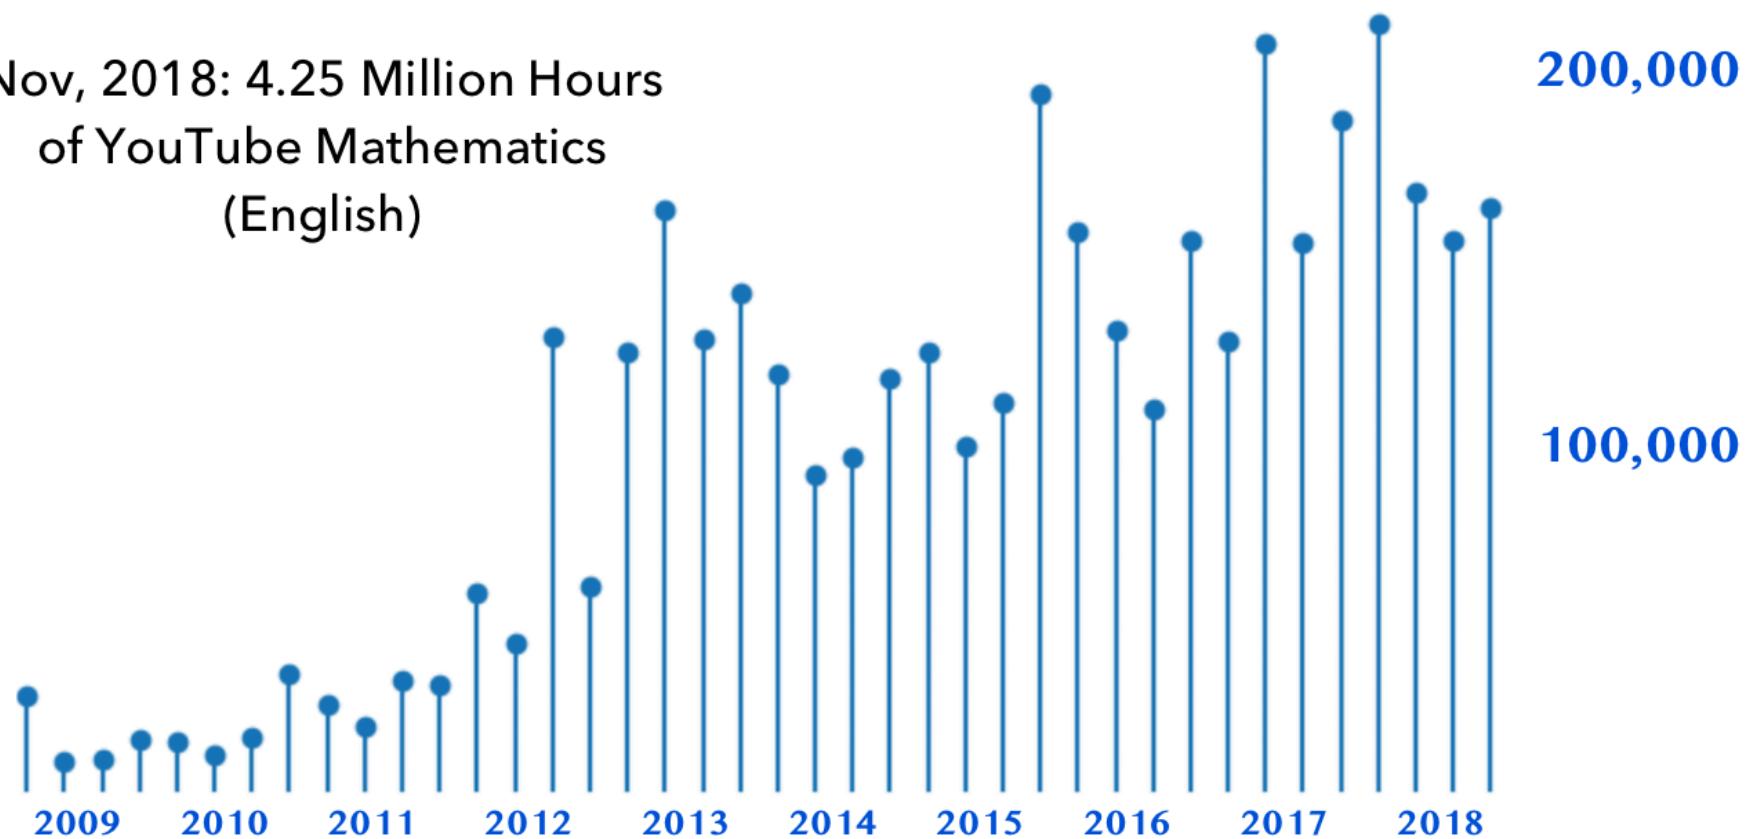

- Now - close One on Epsilon Pty Ltd and continue operating within UQ

Hours watched per date published

Nov, 2018: 4.25 Million Hours
of YouTube Mathematics
(English)

**Continue with presentation from June 2018:

Epsilon Stream...where to?

- Continue to support users and readers
- Continue to support Global Math project
- Continue Pilot with Education Queensland
- Use YouTube data collection for MDS projects
- Integrate in pre-first year, first year and bridging courses?
- Other schools requiring mathematics bridging?
- International students (English refresher via maths review)
- Epsilon Stream 2.0?
